

Progress starts with today.

Your all-in-one daily operating system to build habits, stay organised, manage finances, and make consistent progress — all in one beautifully simple app.

★ Everything you need. **Nothing you don't.**

THE PROBLEM

Too many apps. Not enough consistency.

*“People don't need more apps — **they need one simple system.**”*

01

A cluttered toolbox

One app for habits, another for notes, a third for money. The switching cost kills momentum.

02

Hard to stay consistent

Motivation fades when progress is invisible and scattered across a dozen places.

03

Productivity overwhelms

More features rarely means more done — it usually means more friction.

THE SOLUTION

One intuitive app for everything that matters.

MEMORIES

Your journey, in photos.

More than numbers

Attach photos and a thought to any day. Look back on how far you've come — a beautiful, private journal that lives right alongside your habits.

Fullscreen viewer · captions · tied to your day.

YOURS, AND PRIVATE

Make it yours. Keep it private.

Seven themes, Dark & Light.

Works fully offline

No connection needed — your data is always with you.

No account required

Just open the app and start. Nothing to sign up for.

Your data stays yours

Private on your device, with a fingerprint lock and JSON backup.

Not what the app does.

What the user **becomes**.

Small daily actions win

We believe success is created by small, repeatable actions — not bursts of willpower.

Effortless by design

Progressa helps people build those actions effortlessly, so consistency becomes the default.
